EXPERIENCE

- 2016 May-August Honda R&D Interior Design

This internship directly correlated with my area of study in that the program provided a deeper understanding of global research, future trends, environmental awareness and the opportunity to understand how transportation will impact our economy in the coming years.
- 2015 Fall Semester Lear Interior Sponsored Studio

An interior sponsored studio where a final 3d model and presentation were delivered for future mobility.
- 2017 Sep-May GM Chevrolet Sponsored Studio

Seek innovative, new solutions and deliver a stunning design that would appeal to the Chevrolet customer of 2030

EDUCATION

- 2009- 2013 Rochester Highschool
Rochester , Michigan
- 2013- 2017 College for creative studies
Detroit, Michigan Transportation Design

Lived in Seoul Korean where I experienced a different culture and perspective on design as a whole. During my studies I would go to class from 10am-7pm that would mainly consist of 2D sketch and rendering practices.
- 2014 Summer Skeren Institute
Seoul, Korea
